

Educational Theatre Company's In-Person Camp Policies

ETC is holding in-person camps for all ages. Parents or guardians are required to sign this document at the time of registration stating that they have read and understood these camp policies.

All camps will maintain the following guidelines:

- Camps will be capped at the appropriate size for the space including ETC staff.
- Camps will be held both indoors with an outdoor break.
- All campsites are subject to change.
- The camp director and camp staff will set-up specific spots for each camper for their belongings and for camp activities.
- Camper activities will limit physical interaction when possible.
- Parents/Guardians will be given a specific area to drop-off and pick-up as identified by the camp director.
- Vaccinations
 - All ETC staff and campers over the age of 5 must be fully vaccinated for camp. If applicable, ETC recommends that campers also be boosted.
 - Proof of vaccination must be uploaded to the camper's Active account no later than two weeks before your camp begins. Any campers that do not have cards uploaded will have to provide proof of vaccination when checking in on the first day of camp.
 - Students without proof of vaccination will not be able to stay at camp.
 - If the camper becomes eligible for the vaccine during the camp season, the ETC office will work with the family to establish a vaccination plan.
- Social Distancing and Mask Wearing
 - Campers and staff will practice social distancing when possible
 - All staff and campers will be masked indoors
 - ETC will provide backup masks for campers and staff if needed.
 - **INDOOR Activities:** Campers and staff must wear a face covering and try to maintain 3 feet of distance whenever possible. Campers and staff may only remove their face covering

during lunch/snack breaks. However, lunch and snack breaks should take place outside whenever possible.

- **OUTDOOR Activities:** Campers and staff are not required to wear a face covering or social distance.
- **Performances/Sharings:** Campers may choose to remove their mask for the performance (parent permission needed). Audience members must be masked and show proof of vaccination upon entering the building.
- Most sites are now allowing families indoors for performances and sharings. Each camp director will notify families in their welcome letter of the best practices for that particular camp and site.
- If state or county policies change ETC reserves the right to adapt or adjust policies.

Parent Expectations :

- Families will communicate with the Camp Director ASAP if a camper or any immediate family or household member is exposed to Covid-19 or starts to show symptoms.
 - If exposure happens, families should monitor the camper. If the camper exhibits symptoms, do not send them to camp.
 - If they show symptoms or test positive for Covid-19, they will only be allowed to attend camp after showing negative PCR test results or a doctor's note.
- Families agree to provide masks, water, and any other personal items needed for camp.
- Families agree to abide by all ETC policies, families that do not abide by these policies risk removal from the camp without refund.

If a camper in the camp, a household member, or anyone in the camp staff is exposed to Covid-19 or shows symptoms during the span of the camp:

- All families will be notified immediately by the ETC office that there has been a possible exposure.
